

Klassifikation der Performance Management/ Analytik-Anbieter

Quelle: White Paper „Performance Management und Analytik“ Wolfgang Martin Team (www.wolfgang-martin-team.net)

Die folgende Auflistung von Anbietern erhebt keinen Anspruch auf Vollständigkeit. Sie fokussiert auf den deutschsprachigen Raum und enthält eine Reihe von lokalen Anbietern.

Anbieter oder System	Performance Management (traditionelle BI – allgemeine Frontends, Suites, Toolkits, Reporting, Dashboards)	Analytik					Business Activity Management/Complex Event Processing (BAM/CEP)	Web-Analyse	Location Intelligence	Entscheidungs-(Regel-)maschinen	Financial Performance Management (Budgeting, Planning, Forecasting, Financial Consolidation etc.)	Business Scorecards (Dashboards, Strategy Maps) – Stand-Alone-Lösungen	Open Source
		Data Discovery	Data Discovery / Spezialwerkzeuge für Hadoop	weitere Spezialwerkzeuge Data Discovery	Prädiktive Modelle (Data Mining, Statistik & ähnliche)	Textanalytik							
A3 Solutions													
Acorn System													
Active Strategy													
Actuate	●	●		●									
Actuate/BIRT	●											●	
Acunu Analytics ¹⁾		●											
Adaptive Planning	●									●			
Adobe/SiteCatalyst							●						
Advizor Solutions	●	●		●									
Alias-i					●								
Alight Planning										●			
Alpine Data Labs			●	●									
Alteryx	●												
Anaplan										●			
Anderson Analytics				●	●								
Angoss				●					●				
Ankhor (Visualisierung von Log-Daten)			●										
Antares Informations-Systeme	●									●			
APOS Systems								●					
arcplan	●									●			
Armanta		●											
aruba Informatik	●							●					
ASRAP Software										●			
AT Internet							●						

1.) Spezialwerkzeuge für Cassandra: Acunu Analytics

Anbieter oder System	Performance Management (traditionelle BI – allgemeine Frontends: Suites, Toolkits, Reporting, Dashboards)	Analytik					Business Activity Management/Complex Event Processing (BAM/CEP)	Web-Analyse	Location Intelligence	Entscheidungs-(Regel-)maschinen	Financial Performance Management (Budgeting, Planning, Forecasting, Financial Consolidation etc.)	Business Scorecards (Dashboards, Strategy Maps) – Stand-Alone-Lösungen	Open Source
		Data Discovery	Data Discovery / Spezialwerkzeuge für Hadoop	weitere Spezialwerkzeuge Data Discovery	Prädiktive Modelle (Data Mining, Statistik & ähnliche)	Textanalytik							
Attensity													
Avail Intelligence					●		●		●				
Axiom EPM										●			
Axsellit (Corporater Express)											●		
Axway							●						
Ayashdi		●											
Balanced Insight ²⁾	●											●	
Bango							●						
Basis Technology						●							
BiBOARD		●											
Bime	●						●						
Birst	●												
Bissantz	●												
Bitam	●									●			
BiX Software	●												
BlueYonder					●								
BOARD	●							●		●			
BOC (AdoScore)											●		
Bosch SI/Innovations									●				
Business CoDe							●				●		
Business Intelligence Group						●							
Business Intelligence System Solutions Holdings B.V.		●											
CA Aion									●				
CA/CleverPath	●												
Clarabridge						●							
ClusterSeven ³⁾										●			
Communic (Vision.iC)											●		
Complan & Partner (EPUS)										●			
ComScore/Nedstat							●						
Context Relevant					●								
CoPlanner										●			
Cordea Technologies											●		

2.) Spezialwerkzeuge zur (agilen) BI-Projektentwicklung: Balanced Insight

3.) Spezielle Werkzeuge für Spreadsheet-Management und Compliance: ClusterSeven

Anbieter oder System	Performance Management (traditionelle BI – allgemeine Frontends: Suites, Toolkits, Reporting, Dashboards)	Analytik					Business Activity Management/Complex Event Processing (BAM/CEP)	Web-Analyse	Location Intelligence	Entscheidungs-(Regel-)maschinen	Financial Performance Management (Budgeting, Planning, Forecasting, Financial Consolidation etc.)	Business Scorecards (Dashboards, Strategy Maps) – Stand-Alone-Lösungen	Open Source
		Data Discovery	Data Discovery / Spezialwerkzeuge für Hadoop	weitere Spezialwerkzeuge Data Discovery	Prädiktive Modelle (Data Mining, Statistik & ähnliche)	Textanalytik							
Corporater													
Corticon									●		●		
CP Corporate Planning AG											●		
CSS Computer Software Studio											●		
Cubeware	●							●			●		
Cubus AG											●		
Datameer			●										
Datasef	●												
Datawatch/Panopticon		●				●							
Datonix (QueryObject System)				●									
deCarta								●					
Dell/Kitenga Analytics Suite			●			●							
Denzhorn											●		
Digital Globe								●					
Digital Reasoning					●								
Dimensional Insight	●	●											
dMine Business Intelligence												●	
DMTI Spatial								●					
Domo		●				●							
Dremel		●											
Drill		●											
DSPanel	●										●		
Dundas Data Visualization												●	
eAnalytics							●					●	
eBrains Consulting												●	
ElegantJ BI	●												
Enecto							●						
EPOQ					●				●				
Equbits				●									
ESRI								●					
eTracker							●						
Evidanza	●									●			

Anbieter oder System	Performance Management (traditionelle BI – allgemeine Frontends: Suites, Toolkits, Reporting, Dashboards)	Analytik					Business Activity Management/Complex Event Processing (BAM/CEP)	Web-Analyse	Location Intelligence	Entscheidungs-(Regel-)maschinen	Financial Performance Management (Budgeting, Planning, Forecasting, Financial Consolidation etc.)	Business Scorecards (Dashboards, Strategy Maps) – Stand-Alone-Lösungen	Open Source
		Data Discovery	Data Discovery / Spezialwerkzeuge für Hadoop	weitere Spezialwerkzeuge Data Discovery	Prädiktive Modelle (Data Mining, Statistik & ähnliche)	Textanalytik							
Exeura Rialto					●								
FICO (Fair Isaac Corporation)									●				
FICO Predictive Analytics					●								
Foresee Results							●						
Galigeo								●					
Gate						●						●

R (TM module)							●						●
RapidMiner					●	●				●			●
Rattle					●								●

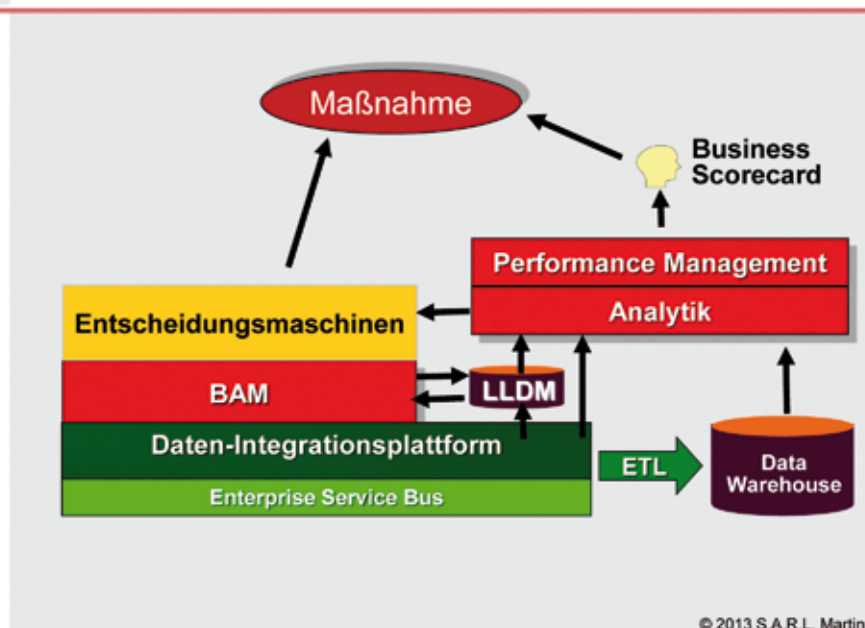

4.) Spezialwerkzeuge für MongoDB: Precog

Anbieter oder System	Performance Management (traditionelle BI – allgemeine Frontends: Suites, Toolkits, Reporting, Dashboards)	Analytik					Business Activity Management/Complex Event Processing (BAM/CEP)	Web-Analyse	Location Intelligence	Entscheidungs-(Regel-)maschinen	Financial Performance Management (Budgeting, Planning, Forecasting, Financial Consolidation etc.)	Business Scorecards (Dashboards, Strategy Maps) – Stand-Alone-Lösungen	Open Source
		Data Discovery	Data Discovery / Spezialwerkzeuge für Hadoop	weitere Spezialwerkzeuge Data Discovery	Prädiktive Modelle (Data Mining, Statistik & ähnliche)	Textanalytik							
Reboard	●												
Revolution Analytics					●							●	
River Logic										●			
Rocket CorVu											●		
Rocket Software/AeroText						●							
R-Project					●							●	
Salient Management Company	●												
SAMAC (nur für IBM iSeries)	●												
SAP	●				●	●			●	●			
SAP/Lumira		●											
SAP/Sybase						●							
Saplo						●							
SAS					●				●	●			
SAS Institute	●												
SAS/Teragram						●							
Sentimetrix						●							
Serendio						●							
sitespect							●						
SL Corporation						●							
SoftLake Solutions		●											
Software AG						●					●		
Software4You										●			
SpagoBI	●											●	
Spatialytics								●					
Splunk						●							
StatPoint Technologies					●								
statsmix											●		
StatSoft	●				●	●			●				
Storm						●						●	
Strategy Companion	●												
Stratsys AB											●		
Streambase						●							

Anbieter oder System	Performance Management (traditionelle BI – allgemeine Frontends: Suites, Toolkits, Reporting, Dashboards)	Analytik					Business Activity Management/Complex Event Processing (BAM/CEP)	Web-Analyse	Location Intelligence	Entscheidungs-(Regel-)maschinen	Financial Performance Management (Budgeting, Planning, Forecasting, Financial Consolidation etc.)	Business Scorecards (Dashboards, Strategy Maps) – Stand-Alone-Lösungen	Open Source
		Data Discovery	Data Discovery / Spezialwerkzeuge für Hadoop	weitere Spezialwerkzeuge Data Discovery	Prädiktive Modelle (Data Mining, Statistik & ähnliche)	Textanalytik							
Synesis Solutions					●								
Systar						●							
Systat Software					●								
Tableau Software	●	●						●					
Tagetik										●			
Talent Information Systems								●					
Targit A/S	●						●			●			
Teezir					●								
Teleran	●												
Temis Group					●								
Teradata					●								
The Bee Project	●											●	
thinkAnalytics					●	●			●				
Thinking Networks										●			
Thomson Reuters/Clear Forest						●							
Tibco						●			●				
TIBCO/Maporama								●					
TIBCO/Spotfire	●	●			●

TomTom Global Content								●					
Tonbeller AG	●												
Treparel					●	●							
UC4 Decision						●			●				
UNIT4 Coda										●	●		
Universal Mind								●					
Verix	●				●	●							
Versata									●				
Viscovery					●	●			●				
Visible Measures							●						
Vistracks								●					
VisualCalc											●		
Vitria						●							

Anbieter oder System	Performance Management (traditionelle BI – allgemeine Frontends: Suites, Toolkits, Reporting, Dashboards)	Analytik					Business Activity Management/Complex Event Processing (BAM/CEP)	Web-Analyse	Location Intelligence	Entscheidungs-(Regel-)maschinen	Financial Performance Management (Budgeting, Planning, Forecasting, Financial Consolidation etc.)	Business Scorecards (Dashboards, Strategy Maps) – Stand-Alone-Lösungen	Open Source
		Data Discovery	Data Discovery / Spezialwerkzeuge für Hadoop	weitere Spezialwerkzeuge Data Discovery	Prädiktive Modelle (Data Mining, Statistik & ähnliche)	Textanalytik							
Vizion Solutions	●												
VMWare/Gemstone						●							
webtrekk							●						
WebTrends							●						
Weka					●							●	
Whitebirch Software										●			
Windward	●												
Wired Minds							●						
Yahoo! Web Analytics							●						
Yellowfin	●							●					
Zap Technology	●												
ZyLab					●								
MAIA-Intelligence	●												

Taxonomie PM/Analytik

Taxonomie des Performance Management (PM) und Analytik-Markts und seiner Spieler, die auf dem Prinzip der Aktionszeit beruht. (BAM = business activity monitoring, ETL = extraction, transformation, load; LLDM = low latency data mart)

Klassifikation der Anbieter von analytischen Datenbanken

Die folgende Auflistung von Anbietern erhebt keinen Anspruch auf Vollständigkeit. Sie fokussiert auf den deutschsprachigen Raum und enthält eine Reihe von lokalen Anbietern.

Anbieter oder System	OLAP-Datenhaltungssysteme (MOLAP, ROLAP, HOLAP)	(traditionelle) relationale Datenhaltungssysteme	Analytische relationale MPP-Datenhaltungssysteme	Analytische NoSQL-Datenhaltungssysteme (ohne In-Memory-Datenverarbeitung)	Analytische NoSQL-Datenhaltungssysteme (In-Memory-Datenverarbeitung)	Spezielle Datenhaltungssysteme (Technologie in Klammern)	Hadoop-Distributoren	Open Source
1010Data					●			
Action/ParAccel					●			
Action/Versant (OODB)						●		
Amazon DynamoDB				●				
Amazon Elastic MapReduce							●	
Amazon Redshift					●			
Apache Cassandra				●				●
Apache Hadoop HBase				●				●
BOARD	●							
Calpont				●				
Cloudera							●	
CrossZSolutions (QueryObject System)						●		
dimensio informatics (minimal-invasives Performance-Tuning)						●		
Drawn-to-Scale (Big Data Platform auf Hadoop)						●		
EMC/Greenplum			●					●
Exasol					●			
FoundationDB	●							
Hortonworks							●	
HP/Vertica				●				
HPCC Systems (Big Data Framework à la Hadoop)						●		
IBM Cognos	●							
IBM CognosTM1	●							

Anbieter oder System	OLAP-Datenhaltungssysteme (MOLAP, ROLAP, HOLAP)	(traditionelle) relationale Datenhaltungssysteme	Analytische relationale MPP-Datenhaltungssysteme	Analytische NoSQL-Datenhaltungssysteme (ohne In-Memory-Datenverarbeitung)	Analytische NoSQL-Datenhaltungssysteme (In-Memory-Datenverarbeitung)	Spezielle Datenhaltungssysteme (Technologie in Klammern)	Hadoop-Distributoren	Open Source
IBM DB2		●
